Lake Albert Caravan Park Meningie
Meningie, South Australia

If returning back to Meningie turn right and head past the antique shop at Ashville. Just before you come to Meningie (12kms out) on your left hand side is a nice spot to stop and take a photo of the stunning Pink Lakes.

Head back to Narrung and take the free 24 hour car ferry across the Narrows where Lake Albert meets Lake Alexandrina to the Point Malcolm lighthouse, which is the only inland lighthouse in the southern hemisphere. Continue along the road past the 1839 built homestead of Potalloch Station and onto the Princes Hwy.

For those slightly "adventurous" people with a 4WD keep driving on towards Mark's Point, once a stopping point for pioneer drovers to allow cattle to drink at the huge troughs.

When leaving the park take a right turn on Narrung Road and head towards Narrung (42km). A short detour at Long Point will take you to the 'picture perfect' Coorong, with many spots suitable for a quiet picnic lunch and a spot of fishing, or just sitting back watching the abundance of bird and wildlife.

Drive around the Coorong area

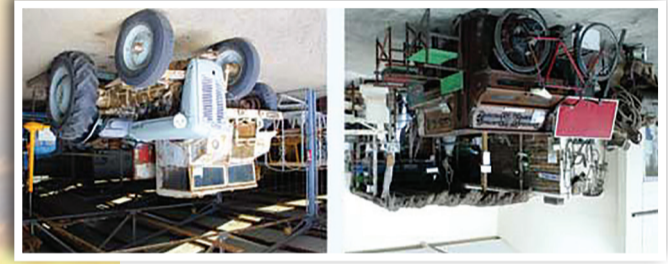

LOCAL ATTRACTIONS

For a breathtaking view of Lake Albert, Meningie and surrounding pastures, take a quick drive or go by hoof to the Meningie Lookout which can be accessed behind the Meningie Area School. Tourist information is easily obtained from Coorong Cottages, where you should make sure to check out the arts, crafts, local produce and antiques they have for sale. Also, be sure to take a leisurely walk out of the back gate of our park and stroll along the lake bank where there are many vantage points with bird hides and a walk path with signs detailing the areas indigenous and settlers history.

Close to home

Formally a cheese factory, the museum is situated right outside the park entrance. Inside you will find an assortment of historical treasures that paint a lively picture of life in Australia in a time gone by.
